# God's Word Presents

## Choraegus ShareMusic Rehearsal Notes

### General

The style is something like a bouncy hip-hop feel. Somehow, I have an image of my choir break-dancing as they sing this, but I'm not quite sure if my church is ready for it...

### Choir

The chorus (m.5-20, 72-100) is modal (Aeolian, if you care about the technicalities), so it'll sound a bit unusual if you're not used to modal music. Also, the parallel intervals, including the fifths, are deliberate and cultivate a special sound.

Sing the verses (m. 20-36, 37-53, 54-71) in chest voice to convey a serious attitude about the message.

### Accompanist

Add drums, congas, and bass! The rest measures at the beginning (m. 1-2) are, in my tracks, a leading snare drum fill:
